Intelli Group announces Strategic Partnership with Misys

Athens, October 2015. Intelli Solutions S.A., provider of consulting and software integration services, announces a strategic partnership with Misys, one of the global leaders in the financial software industry. The partnership will cover Greece, Cyprus, Serbia and Bulgaria and will focus on the Misys core banking portfolio, including Digital Channels and Lending.

Intelli offers a complete portfolio of financial solutions, including Core, Internet and Private Banking, Asset, Treasury, Wealth and Risk Management, Anti-Money Laundering, e-brokerage, Credit Cards Origination, Loans Lifecycle Management, Debt Collections, and BackOffice Automations. These solutions combine software products produced in-house with the platforms of worldwide leader providers, such as Misys. These services can be fully integrated with the infrastructures of financial organizations.

*“We are privileged to collaborate with Misys, which is considered one of the leaders in the Financial Software market with a broad portfolio of solutions and a large number of successful implementations» comments **Panos Gialelis**, CEO of Intelli Group. «We strongly believe that this particular collaboration will add value to our customer base, since it combines a broad portfolio of innovative solutions & services, the adoption of best practices and the experience of a large number of successful implementations. We are fully convinced that our partnership with Misys will further assist financial institutes in our market, to expand their corporate advantage and be more efficient and competitive.”*

Raimund Mann, Misys Partner Director for Central & Eastern Europe, remarked: *“We are delighted that Intelli Solutions is joining the Misys InFusion Partner programme. Their knowledge of specific national markets in the region, combined with their software integration capabilities, complements our skill set and geographical footprint perfectly. We look forward to working together.”*
